DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on September 2, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 10/649894 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Drawings

2. The drawings were received on September 2, 2005. These drawings are acceptable.

Allowable Subject Matter

3. Claims 1-9 are allowed.

4. The following is an examiner's statement of reasons for allowance:

With regards to Independent Claim 1, the Applicant has narrowly defined a combined assembly of a center high mounted stop lamp (CHMSL) and cargo lamp, wherein a housing defines a center compartment for the CHMSL and stop lens, as well as left and right compartments on opposite sides of said center compartment for use as cargo lamps. Each of the cargo lamp compartments has a lens and white light emitting diode, so that light emitted from said LED is in an arc of about 120 degrees in the horizontal and vertical planes and then further reduced by the lens to an arc of about 60 degrees in the horizontal and vertical planes. The prior art fails to teach or suggest the combination of structural elements disclosed and claimed herein, and all subsequent dependent claims are allowed.

Art Unit: 2875

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
